**Announcement: Student assistance for academics with family commitments (childcare and nursing care for relatives)**

In order to help improve work-life balance, CliSAP is providing help with childcare or the nursing care for relatives. To support their scientific work, academics with family commitments will be given 5 hours help per week by a student for a period of 3 months, which can be extended. The aim is to give the applicant more flexibility for research despite family commitments. The Gender Task Force will assess the applications.

**Applications**

All academics at CliSAP who have family commitments are eligible to apply. Applications should be submitted to the equal opportunities office by **15<sup>th</sup> March 2014** and should include the following documents:

- Letter of application, a resume in tabular form, proof of employment at CliSAP and information about your requirements and the type of help needed.
- Details of any help you have already received from elsewhere.
- For childcare: Number and age of children, details of childcare, details of legal custody and/or joint households.
- For care of relatives: a medical certificate as proof that care is necessary.

Written applications should be sent to
